PROFESSIONAL SUMMARY

Motivated B.Tech Computer Science student (GPA: 8.88/10) with hands-on experience in frontend and full stack development. Proven ability to build and deploy responsive, production-grade web applications using React, Tailwind CSS, and Node.js. Completed a virtual internship at CodeAlpha and advanced to the semi-finals of competitive hackathons. Eager to contribute to a collaborative engineering team while continuing to grow across the full stack.

EXPERIENCE

Frontend Development Intern | CodeAlpha (Virtual)

May 2026 – Jun 2026 • Remote

- Completed a 1-month virtual internship program focused on frontend web development, delivering assigned projects with a high level of dedication and quality.
- Built and iterated on UI components using HTML, CSS, and JavaScript, reinforcing best practices in responsive design and cross-browser compatibility.
- Received official recognition (Certificate ID: CA/DF1/63977) from CodeAlpha's CEO & Founder upon successful program completion.

Freelance Web Developer | Barka Gulf Chemicals

2025 – 2026 • Remote (Oman)

- Designed and developed a full production website for a laboratory equipment supplier serving schools, universities, and research labs across Oman and the Middle East.
- Built a multi-page Next.js application featuring product catalogue, about, contact, and quote-request pages, deployed on Vercel with a custom backend API.
- Delivered a client-ready, SEO-optimised site with responsive design, dynamic content loading, and integration with WhatsApp for business enquiries.
